

AMENDMENTS TO THE CLAIMS

This listing of claims replaces all prior versions, and listings, of claims in the application:
What is claimed is:

1. (Currently amended) An improved GPS device, having a radio portion that communicates with a plurality of satellites for determining a location of the device, the improvement comprising:
 - a capability for triggering multiple warnings at different locations, including a first trigger that activates an alarm on a nearby motor vehicle; and
 - a second trigger that transmits a signal containing location information relating to the device and further wherein the signal is transmitted to a recipient at a distant location from the device and further wherein the recipient that communicates with a ground dispatch station to determine the location of the transmitted signal.
2. (Original) The device of claim 1, further comprising a connector for attachment of a key.
3. (Original) The device of claim 1, wherein the alarm is part of a security system of the motor vehicle.
4. (Original) The key holder of claim 3, further comprising a switch for activating the security system.
5. (Original) The key holder of claim 3, further comprising a switch for de-activating the security system.
6. (Original) The device of claim 1, wherein the first and second triggers comprise the same physical trigger.
7. (Original) The device of claim 1, further comprising a speaker that emits a sound triggered by operation of at least one of the first and second triggers.
